

# BED MAT

Innovative Design and Material that keeps your truck bed free from scuffs, scrapes, and scratches. These heavy-duty, contoured rubber mats are engineered and designed with raised edges for full coverage and to meet the daily demands of tough environments. Our bed mats are made from a high-quality rubber compound that won't crack in extreme temperatures or fade when exposed to the sun.

## Features:

- Fibre reinforced Rubber
- Superior abrasion resistance and tear strength.
- High cut growth resistance
- Excellent impact resistance and added protection for the truck bed
- Textured surface provides a true non-skid mat which reduces load shifting.
- Raised, surrounding edge design for containing spills
- Unique ribbed floor provides airflow & reduces moisture
- Easy, no-drill, drop-in installation
- Excellent durability

*Custom designs and sizes available.*

## Technical Specifications

Properties	Standard Applied	Unit	Specification
Hardness	ASTM D-2240	Shore A	70-85
Tensile Strength	ASTM D-424	Mpa	Min 6.0
Elongation at break	ASTM D-424	%	45
Tear Strength	ASTM D0624	Kgf/cm	Min 50
Cut Initiation	ASTM D430	Cycle	Min 100000
Application Temperature	ASTM 1329	°C	-40 °C to +100 °C
